

## Nana's Daycare Registration

Dear Parents,

Please read this document thoroughly and keep a copy for your records.

This agreement is between:

Parent(s) name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone number: \_\_\_\_\_

And

Daycare Name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone number: \_\_\_\_\_

For the provision of child care for:

Child's name: \_\_\_\_\_

Child's name: \_\_\_\_\_

The terms of the agreement are as follows:

Hours of care: \_\_\_\_\_

Days of care: \_\_\_\_\_

Fees for care: \_\_\_\_\_

Please notify the daycare immediately if there is a change to the agreed upon hours and days.

Payment is due whether the child attends care on the agreed upon days or not.

**Payment:**

4 months of post-dated cheques are required upon registration (will be returned in the event the child leaves daycare) and subsequent quarterly basis thereafter and please write all cheques to 'Nahid Moghaddas.'

**Deposit (Refundable)**

A refundable deposit fee of \$500.00 is required to hold the child's space between the time of registration and the date when care commences. This deposit fee will be fully refunded during the last month of attendance at the daycare.

**The following conditions will render the deposit to be non-refundable:**

- Contract is terminated before care starts.
- 6 month probation period of withdrawal (i.e. child leaves daycare before 6 months of care from the start date)
- Failure to provide 30 day advance notice before termination of care.
- Meet termination conditions (see below)

**Integration**

We usually recommend a 3 day integration schedule [i.e. first 3 days of attendance] before commencing full-time:

1st day = 1.5 hours

2nd day = 3 hours

3rd day = 5 hours

However, please note that this is *flexible* and you can adjust it accordingly with staff at the centre.

**Termination/Change of Service:**

We require a 30 day notice prior to modification or termination of service. Additionally, services can only be modified/cancelled at the **end of the monthly billing cycle** (for example, if 30 day notice is provided on May 13, than full payment must be made for May & April [end of monthly cycle]. However, if notice is given on May 1 or before, end of billing cycle would be May).

**Vacation**

In the case of vacations taken by parents', full payment is required to reserve child's registration for that duration.

**Administrator:**

Name: Alireza

Email Contact: [nanadaycarevan@gmail.com](mailto:nanadaycarevan@gmail.com)

Role: Payment, registration, parent vacation notification, etc. as well as any serious.

**Direct Centre Contact Details:**

To contact the center, please call 604-396-7782 (please save and keep this number for your record). Please call this number if you need to inform of absence, late pick-up/drop-off. If we are unavailable, please leave a voice message and we will review later in the day.

**Items list for parents:**

- 1) Diaper and Wipes
- 2) Daily Lunch
- 3) Muddy-Buddy (waterproof coverall for outdoor activities)
- 4) Extra pair of clothes
- 5) Blanket
- 6) Boots
- 7) Water bottle
- 8) Milk bottle
- 9) Bibs

**Snacks/Lunch**

The daycare will provide snacks two times a day and parents are responsible for providing lunches.

The daycare will be closed on statutory holidays and designated holiday closures (see below)

Child's **immunization records** (see immunization for childcare section below) must be included with this document.

Parent(s) agree to provide 30 day notice if this agreement is to be terminated.

We have read and agree to the terms of this agreement.

## Schedule

### Policies:

### Days and Hours of Operation

#### **Monday to Friday**

**8:00am - 5:00pm**

The childcare will also be closed in the statutory Holidays:

New Year's Day

Good Friday

Easter Monday

Victoria

Canada Day

Civic Holiday

Labour Day

Thanksgiving Day

Remembrance Day

Christmas Day

BC Family Day

### Daycare Holiday Closure:

**last week of December:** 1 week closure (5 business days) [re-opening on the following Monday]

**First week of August:** 5 business days (this does not include BC Family Day – thus the daycare would reopen the following week Tuesday)

### Fees

Fee is applicable as per age and duration of hours/days.

### Attendance

The parents are responsible for informing the daycare early in the day (before 9 am) if the child will not be attending the care that day.

## **Sickness Policy**

We request that parent(s) keep their child home if they develop any of the below outlined symptoms. If you have a doctor's note stating that your child is able to attend, please leave the note at the centre. If you have further questions, feel free to email ([nanadaycarevan@gmail.com](mailto:nanadaycarevan@gmail.com)) or contact the centre ([604-365-9239](tel:604-365-9239)). We apologize in advance but we will not be providing medication to children when sick due to licensing reasons.

**COMMON COLD/FLU (influenza)**: A viral infectious disease of the upper respiratory tract that primarily affects the nose.[6] The throat, sinuses, and voice box may also be affected.

*WHEN TO KEEP THE CHILD HOME*: A child with heavy cold symptoms such as deep or uncontrollable coughing or significant lack of energy belongs at home even without a fever. See additional information on fever, sore throat and influenza.

**COUGH**: A mild hacking cough often starts after the first few days of a common cold. A child with mild symptoms, no fever and otherwise feeling well may be fine at school.

*WHEN TO KEEP THE CHILD HOME*: A child with deep or uncontrollable coughing belongs at home even without a fever. A child with cough and fever must stay home for at least 24 hours after they no longer have a fever or signs of a fever without the use of fever-reducing medicine.

**DIARRHEA/VOMITING**: An increase in the frequency of bowel movements, an increase in the looseness of stool. Vomiting is the involuntary, forceful expulsion of the contents of one's stomach through the mouth and sometimes the nose.

*WHEN TO KEEP THE CHILD HOME*:

Children who have vomited or had diarrhea should be kept at home and should return to centre only after being symptom-free for 24 hours.

**EAR ACHE**: Consult a medical provider for earaches. Ear infections may require medical treatment.

*WHEN TO KEEP THE CHILD HOME*: A child should stay at home until pain free.

**FEVER**: Fevers are a common symptom of viral and bacterial infection. Children are likely to be contagious to others when they have a fever. If there is no thermometer, feel their skin with your hand - if it is much warmer than usual they probably have a fever. Please do not give your child fever reducing medication and

send them to centre. The medicine will wear off, the fever will probably return and you will need to pick up at a later time.

**WHEN TO KEEP THE CHILD HOME:** Any child with a fever of 100°F or higher should not attend the centre and should not return until they have been fever free for 24 hours. A child with flu-like illness (fever and a cough) must stay home for at least 24 hours after they no longer have a fever or show signs of a fever, without the use of fever-reducing medication.

**HEAD LICE:** tiny insects that live only on human scalps and hair - they do not cause illness or carry disease. An itchy scalp is the most common symptom. Adult lice are reddish brown, about the size of a sesame seed and can be hard to see. Lice lay nits (eggs) on strands of hair close to the scalp. Nits are easier to see than lice, look like tiny tan or white dots and are firmly attached to hair. Nits can usually be seen near the scalp behind ears, at the nape of the neck and under bangs. The most important step for getting rid of head lice is daily careful nit removal for at least 14 days using a special lice comb and by “nit picking”. In addition, over the counter and prescription treatments are available.

**WHEN TO KEEP THE CHILD HOME:** Keep your child home until deemed non-contagious by a medical practitioner.

**IMPETIGO:** a contagious bacterial skin infection that usually begins with small fluid filled blisters that cause a honey-colored crust on skin after bursting. It is important to have these symptoms evaluated by a medical provider because untreated infection can lead to serious complications. Approximately, 24 hours after starting prescribed antibiotics, impetigo is no longer contagious.

**WHEN TO KEEP THE CHILD HOME:** Child may attend centre if drainage can be effectively kept covered and is not extensive.

**PINK EYE (Conjunctivitis):** a common infectious disease of one or both eyes caused by several types of bacteria and viruses. The eye typically appears very red and feels irritated. There may be drainage of mucous and pus or clear liquid. Prescription medication may be needed to treat bacterial infection. Virus-caused pink eye will not need antibiotic treatment.

**WHEN TO KEEP THE CHILD HOME:** A child with the above symptoms should be kept at home until evaluated by a medical provider and return to centre with or without treatment depending on the diagnosis.

**RASHES:** A rash may be one of the first signs of a contagious childhood illness such as chickenpox. Rashes may cover the entire body or be in only one area and are most contagious in the early stages.

**WHEN TO KEEP THE CHILD HOME:** Do not send a child with a rash to school until a medical provider has said it is safe to do so – especially with additional symptoms such as itching, fever or appearing ill.

**SORE THROAT:** A child with a mild sore throat, no fever and otherwise feeling well may come to the centre.

*WHEN TO KEEP THE CHILD HOME:* Keep a child at home and contact a medical provider for a severe sore throat and if white spots are seen in the back of the throat, with or without a fever.

**STREP THROAT:** A significantly sore throat could be strep throat, a contagious illness. Other symptoms may include fever, white spots in the back of the throat, headache and upset stomach. Untreated strep throat can lead to serious complications.

*WHEN TO KEEP THE CHILD HOME:* Keep your child home from if above listed symptoms are seen and contact a medical provider. A child diagnosed with strep throat can return to centre 24 hours after antibiotic treatment has been started and cleared by a medical practitioner.

**STOMACH PAIN:** sharp pain, or stomach cramps, abdominal pain.

*WHEN TO KEEP THE CHILD HOME:* Consult a medical provider and do not send a child to centre with a stomach ache that is persistent or severe enough to limit activity. If vomiting or diarrhea occurs, keep the child home until symptom free for 24 hours.
